Living football, uniting the world through football and making football truly global.

@england

I am very sad to hear that Kevin Keegan has passed away - football has lost one of its legendary figures.

He was an icon of the English game and a star of his generation making almost 750 club appearances in a career that included European and domestic honours with Liverpool. He also had a successful managerial career at club and country level.

On behalf of FIFA and the global football community our condolences go to his family, friends and all those who knew him - he will be sorely missed. May he rest in peace.
