пишу, когда приходит вдохновение 🍷

Я берегу в груди пожар нежданный,
Что греет мир, не требуя огня.
Ты — тот мотив, всегда такой желанный,
Что нежной тайной греет изнутри меня.
Пусть мир летит, сменяя декорации,
И время пречет истину в тени.
Мы в этой тихой, озорной гравитации
Лишь те, кто знает, как хранить огни.

Филипп Киркоров заставляет
Валентину лететь на воздушном шаре,
когда все службы запрещают
из-за погодных условий

View Instagram Stories Anonymously

InsAnony provides a seamless way to view Instagram stories from public accounts anonymously. No login or authorization is required—simply enter the username of the account you wish to explore, and you'll gain access to their stories discreetly. Whether you're curious about what's new or want to keep an eye on specific updates without revealing your identity, InsAnony ensures complete privacy. Plus, you can even download stories that catch your interest, all for free and with no extra steps.
